- Details of Speaker** : Ms. Parvati S.,(Assistant Controller of Patents & Designs),
Boudhik Sampada Bhavan, Govt. of India Patent Office,
Mumbai
- Date** : 29/04/2022
- Timing** : 11:15 a.m. to 12:45 p.m.

Proceedings :

Dr. S.S. Kashid (Coordinator- 'Intellectual Property Rights Cell' W.I.T., Solapur) welcomed Ms. Parvati S. He appreciated the 'National Intellectual Property Awareness Mission' (NIPAM) as a part of which this session was arranged.

Ms. Parvati S. discussed various recent inventions in products and processes. She discussed the requirements of getting patent. i.e. what can be patentable, basic requirements for getting patents etc. She talked about the validity/term of patents, benefits due to patents.

She discussed various forms of IPR. Discussion was also held about copyrights. She explained the difference between the copyrights & patents. Then she dealt with the trademarks. She also guided on management of patents. She explained how trademarks can be used to retain the market even after expiration of the patent.

The seminar was highly informative and well-illustrated. It inculcated the 'Research and Product development' approach amongst many of the participating students and faculty members of Walchand Institute of Technology, Solapur.

Total 120 students from Compute Science, Electronics, Mechanical and Civil Engineering departments attended the program. Fifteen faculty members attended the program.
